Welcome Message

YBhg. Prof. Dato' Dr. Sr. Hj. Omar bin Hj. Osman
Chairman, Malaysia 4IR Consortium (MY4IR)

It is my great pleasure to welcome you to the 3rd My4IRC Summit 2026, jointly organised by the Malaysia 4IR Consortium (My4IRC) and proudly hosted by Universiti Malaya-Wales under the theme "Driving Supply Chain & Service Excellence Through Innovation and Technology."

This year's summit represents a significant milestone in strengthening collaboration between industry and academia. Through our partnership with Universiti Malaya-Wales, we have created a platform that brings together policymakers, industry leaders, researchers, academics, technology providers, and innovators to exchange ideas, foster strategic partnerships, and explore practical solutions that will shape the future of supply chains, logistics, and service excellence.

As organisations continue to navigate rapid technological disruption, global uncertainties, and evolving customer expectations, digital transformation has become a strategic imperative. Technologies such as Artificial Intelligence (AI), advanced analytics, automation, Industrial Internet of Things (IIoT), cloud computing, and intelligent decision support systems are redefining how organisations create value, enhance resilience, and remain globally competitive.

The Malaysia 4IR Consortium (My4IRC) remains committed to accelerating Malaysia's Industry 4.0 agenda by connecting government, industry, academia, and technology partners. This summit reflects our shared vision of building a collaborative innovation ecosystem that promotes knowledge sharing, talent development, applied research, technology adoption, and sustainable industrial growth.

Over the next two days, participants will benefit from distinguished keynote presentations, expert panel discussions, industry showcases, parallel technical sessions, and valuable networking opportunities. We hope these engagements will inspire new ideas, encourage cross-sector collaboration, and generate practical outcomes that contribute to national competitiveness and regional economic development.

On behalf of My4IRC, I would like to express my sincere appreciation to Universiti Malaya-Wales for its partnership and gracious hospitality in hosting this year's summit. I also extend my heartfelt gratitude to our organising committee, strategic partners, sponsors, exhibitors, speakers, and participants whose dedication and support have made this event possible.

I encourage every participant to actively engage, share experiences, build meaningful connections, and explore new opportunities for collaboration. Together, let us harness innovation and technology to drive smarter supply chains, service excellence, and a more sustainable future for Malaysia and the region.

I wish you a productive, insightful, and rewarding experience at the 3rd My4IRC Summit 2026.

About My4IRC

The Malaysian Fourth Industrial Revolution Centre (My4IRC) is a collaborative platform established to accelerate the adoption of Industry 4.0 technologies across Malaysia's key economic sectors.

My4IRC brings together government agencies, universities, research institutions and industry partners to drive innovation, develop talent and create sustainable solutions for the nation's digital transformation journey.

Summit Overview

The 3rd My4IRC Summit 2026 focuses on supply chain and service excellence, exploring how innovation and technology can address critical challenges in logistics, manufacturing, healthcare and public services.

The summit provides a platform for knowledge sharing, networking and collaboration between academia and industry, with expected participation from over 300 delegates.

Summit Objectives

- Showcase innovative technologies transforming supply chain management
- Foster collaboration between universities, industry and government
- Develop frameworks for service excellence through digital transformation
- Build capacity and talent for Industry 4.0 adoption

Expected Outcomes

- Industry-academia MoUs and collaborative agreements
- Policy recommendations for national supply chain resilience
- Technology roadmaps for key sectors
- Talent development programmes and certifications

Supply chains across industries face unprecedented disruption. Technology-driven transformation is essential for resilience, efficiency and competitive advantage.

Key Challenges

Supply Chain Disruption
Global volatility, geopolitical risks and demand uncertainty

Digital Skills Gap
Shortage of talent equipped for Industry 4.0 technologies

Legacy Systems
Outdated infrastructure limiting data integration and visibility

Sustainability Pressure
Regulatory and market demands for greener operations

Enabling Technologies

IoT & Sensors
Real-time tracking and monitoring

AI & Analytics
Predictive demand and route optimisation

Blockchain
Transparent and secure transactions

Digital Twin
Virtual modelling of supply chain networks

Robotics & Automation
Automated warehousing and fulfilment

Cloud & Edge Computing
Scalable data infrastructure

Sectors in Focus

- Manufacturing & Automotive
- Logistics & Port Operations
- Healthcare & Pharmaceuticals
- Retail & E-Commerce
- Public Services & Government

Expected Outcomes

- National supply chain resilience framework
- Technology adoption roadmaps
- Cross-sector collaboration models
- Workforce upskilling programmes
- Research commercialisation pathways

REGISTRATION IS NOW OPEN!

3rd My4IRC Summit 2026

Be part of Malaysia's premier Industry 4.0 gathering, where industry leaders, policymakers, academics, innovators, and technology professionals come together to explore the future of Innovation, Artificial Intelligence (AI), Digital Transformation, and Industry 4.0.

11–12 November 2026 | Universiti Malaya Wales

https://tinyurl.com/My4IRCSummit2026

Summit Highlights

- Inspiring Keynote Addresses by renowned industry leaders
- Expert Forum Discussions on emerging technologies and future trends
- High-level Executive Roundtable Discussions
- Valuable Networking Opportunities with industry, academia, and government leaders
- HRD Corp Claimable (subject to eligibility)

Why You Should Attend

- Stay ahead of the latest Industry 4.0, AI, and digital transformation trends.
- Gain practical insights and strategies to accelerate organisational transformation.
- Discover innovative solutions to enhance productivity, competitiveness, and service excellence.
- Connect with influential leaders, experts, researchers, and potential collaborators.

Whether you are a business executive, engineer, researcher, policymaker, entrepreneur, educator, or technology professional, the 3rd My4IRC Summit 2026 offers an exceptional platform to learn, share ideas, and build meaningful partnerships that will shape the future.

THEME

Driving Intelligent Transformation: AI, Innovation and Industry 4.0 for a Sustainable Future

The world is entering an era where Artificial Intelligence, digital technologies, and advanced automation are redefining industries, governments, and society. Organisations can no longer rely solely on traditional approaches but must embrace intelligent transformation to remain competitive and resilient.

The 3rd My4IRC Summit 2026 provides a strategic platform for leaders from industry, government, academia, and the technology community to explore how AI, Industry 4.0, and digital innovation can enhance productivity, strengthen supply chains, improve decision-making, and create sustainable value. Through knowledge sharing, strategic dialogue, and collaborative partnerships, the summit aims to accelerate Malaysia's journey towards a digitally empowered, innovation-driven economy.

Together, we will shape a future where technology serves humanity, innovation drives prosperity, and collaboration creates lasting impact.

Programme at a Glance

DAY 1 | 11 November 2026

08:00 Registration & Breakfast

09:00 Opening & Doa Recitation

09:05 Welcome & Opening Addresses

09:30 Keynote 1
National Strategy for Resilience and Sustainable Supply Chain in RMK13
YBhg. Dato Sri Hj Moithu Kutti Mohammad @ Musa Mohammad, Managing Director of Baiduri Dimensi

10:30 Tea Break

10:45 AI in Women Leadership Session
Moderator :
Ybrs. Prof. Is. Dr. Roselina Ahmad Saufi, Vice-Chancellor and Chief Executive Officer, Universiti Malaya-Wales (UMWales)

Speakers:
- *YBhg. Emeritus Professor Dato' Dr. Halimah Badioze Zaman, Tan Sri Leo Moggie Distinguished Chair in Energy Informatics, Institute of Informatics and Computing in Energy (IICE), Universiti Tenaga Nasional (UNITEN)*
- *YBrs. Prof. Dr. M. Nazri Muhd, Group Executive Chairman Centre for AI Innovation (CEAI) Global*
- *YBrs. Simon Sun Luyuan, Chief Executive Officer, Huawei Malaysia*
- *YBrs. Alexie Chou, Founder Aurelian Consultations*

11:45 VIP Tour & Exhibition

12:00 Lunch & Networking

12:30 Minister Luncheon Talk
YB Dato' Seri Ahmad Fahmi bin Mohamed Fadzil
Menteri Komunikasi Malaysia

14:30 Parallel Sessions

P1: Supply Chain Technology and Automation

Moderator :
YBrs. Afdzal Syahadat Husni Husin, CEO MIMOS Technologies Sdn Bhd

Speakers:
- *YBrs. Ts. Hj. Abi Sofian Bin Abdul Hamid , Chairman of Selangor Section, The Chartered Institute of Logistics and Transport Malaysia*
- *YBrs. Noorazidi Che Azib, Vice President Inari Technology Sdn. Bhd.*
- *YBrs. Prof. Vikneswaran Nair, Former DVC University Malaysia of Computer Science & Engineering (UNIMY)*
- *YBrs. Cheng Boon Seng , Chief Executive Officer and Founder Elliance Sdn Bhd*

P2: Logistics Optimisation and Sustainability

Moderator :
YBrs. Prof. Dr. Azri Usman, Vice Chancellor, Innovative University College

Speakers:
- *YBrs. Prof. Ts. Log. Is. Dr. Othman Ibrahim, Rector Kolej Universiti Yayasan Pelajaran Johor (KUYPJ)*
- *YBhg. Datuk Noraini Soltan, Managing Director Sipro Plastic Industries Sdn. Bhd*
- *YBrs. Roslan Abdullah, Chief Operating Officer Great Wall Motor Malaysia*
- *YBrs. Akkbar Danial, Chief Executive Officer Edaran Otomobil Nasional Berhad*

P3: Service Innovation & Customer Centric Strategies

Moderator :
YBrs. Dr. Umar Zakir Abdul Hamid, Head Johor Corp (Cerebrum)

Speakers:
- *YBhg. Dato' Cheok Lay Leng, General Manager Penang Hill Corporation*
- *Ybrs. Patrick Klotz, CEO SwissTech Solutions Sdn Bhd*
- *YBhg. Dato' Capt. Jaafar Lamri, Group President CME Group*
- *YBrs. CK Tan, Vice President (Strategic Business Development) NationGate Solution (M) Sdn. Bhd.*

16:30 Day 1 Adjourned

PROGRAMME

Programme at a Glance

DAY 2 | 12 November 2026	
08:30	Registration & Breakfast
09:00	Keynote 2 Industrial Supply Chain 4.0 From Legacy Operations in Era 4IR *YBrs. Qabilla Akhbar , Head, IT and Digital Strategy ITRAMAS Corporation*
10:00	Keynote 3 Future Skills for Future Ready *YBrs. Biruntha Mooruthi, Group Chief Executive Officer (CEO) Talent Corporation Malaysia Berhad (TalentCorp)*
11.15	Roundtable Industry Discussion on Keynotes 3 Future Skills for Future Ready Moderator: *YBhg. Prof. Emerita Dr. Durrishah Idrus, Vice-Chancellor IJN University College* Speakers: • *YBrs. Nazrul Aziz, Group Chief Strategy Officer TalentCorp* • *YBrs. Ts. Br. Jamil Bakri, Chief Executive Officer Government-Industry TVET Coordination Body (GITC)* • *YBrs. Najmie Noordin, Chief Talent Officer Johor Corporation (JCorp)* • *YBrs. Ir. Ts. Dr. Kamaruzaman bin Hj. Md. Ali, Ketua Pengarah Jabatan Pembangunan Kemahiran (JPK)*
12:45	Lunch & Networking
14:00	MTDC Sandbox Innovation *YBrs. Mohamed Ameer Bukhari Mohamad Nor, Assistant Vice President Malaysian Technology Development Corporation (MTDC)*
